

i am appalled over the use of the Sinclair Group which controls 63 TV stations to impose their airing of the anti-Kerry ads on their listeners without equal time to the Kerry campaign group to air their anti-Bush ads?

This flagrant misuse of the nation's airways by a group is exactly what was predicted when the laws were changed to allow multiple ownership of radio and TV stations by one owner.

I would certainly appreciate your imposing some sort of sanctions on the Sinclair Group for their actions. Thanks you, Margaret wall
